Arm-Roy ORCHID PLANT CATALOGUE

Due to the late mailing last season, and the high cost of such a free use of color plates, we will not publish a new catalogue this year. We had this in mind last year when preparing the catalogue and have now put together this supplement which may be inserted in the catalogue so that you may be informed of changes in the listings, and current offerings.

- In a majority of the crosses the change is only in pot sizes. We do have a few new crosses to offer and some stocks have been depleted. During the past few months several new crosses have been flowered. One or two have failed to meet our high standards and have been withdrawn from sale. Most have come fully up to our expectations and two or three have far surpassed our highest hopes.

- We feel we must comment on the Lc. Mem. Walter L. Armacost cross offered last year as

the feature of our catalogue. Since that time we have flowered more than fifteen hundred plants of this cross and believe at this time it tops all dark colored crosses we have ever produced. Some plants have won awards on their first flowering and we are confident many more will with full maturity of the plants. Divisions of the finest will be available this fall. Lc. Mem. Walter L. Armacost will undoubtedly be one of the great studs of the future.

- Since sending out our catalogue last year we have moved into our new and modern office and shipping establishment. You will find the doors swing wide and the welcome mat is always out. We have added a patio, a model small greenhouse and lath house, as well as a number of other features to better serve our visitors. Remember, you are welcome any day of the week to make purchases or just to visit and enjoy the orchids.

	A medium size white with some gold in the throat. Season should be Winter.			
A-39	C. HENRIETTA JAPHET X C. SNOW SONG		1½"	\$1.75
	A small white of the cluster type. Should be very prolific, with very heavy substance. Season Winter.			
A-55	C. TETHYS X C. FABIA		1½"	\$1.75
	Should be a rich dark lavender with gold veining in the throat. Season is Fall.			
A-73	C. TETHYS X C. CUESTA VAR. MIDNIGHT		1½"	\$1.75
	A dark lavender with rich gold veining in throat. Good substance, size and form. Fall and Winter season.			
A-187	C. J. A. CARBONE (C. Mossiae x C. Prospector, Rotunda)		1½"	\$1.75
	This is a new make of this fine Spring flowering cross, but using a much finer C. Mossiae with a great deal of vigor and heavy texture. Wide open flowers. We feel sure the results will surpass our previous fine strain of C. J. A. Carbone.			
A-190	ARTIC SNOW (C. Estelle Alba var. Springtime x C. Souvenir DeLouis Sander).	Division	3"	\$15.00
	(Picture on Page 7 of catalogue).	"	4"	20.00
		"	5"	25.00
	This is a re-make of this cross using the identical parents, which has proved to be one of the most prolific pure white Cattleyas of great substance we have ever seen. A marvelous grower flowering with us during the Easter season. 1½" size available in the Fall.			
A-201	C. NEBONAIR X C. NEBO		1½"	\$1.75
	This is a recombination of Nebo blood lines for the Christmas trade. The C. Nebonair was of fine shape and substance and we expect an exceptionally prolific bloomer for December.

SPECIAL OFFER FROM OUR HIGH QUALITY COMMERCIAL CUT FLOWER CYMBIDIUM VARIETIES

Our stocks are now large enough to permit us to reduce the prices on divisions of two to three bulb plants to the point where we feel they represent the finest values offered for years in fine Cymbidium plants. This list includes all of the varieties offered in our catalogue on pages 26, 28 and 29, with the exception of the following: Adele Sanders, Baldur, Berengeria, Blush, Clare Armstrong, Flycatcher, Henry Davis, Janette, Jason, Miranda, Princess Elizabeth, Santa Barbara, Swallow, Water Rail, and West Park. These varieties are available at prices listed in the catalogue. All of the other varieties listed on pages 26, 28, and 29, of which we have large stocks, can be purchased on the following basis. In place of offering these at a per bulb price we now offer them at per plant prices of \$15.00 and \$20.00

These plants are near flowering size now so you will not have to wait years to flower them as is the case with seedlings.

Furthermore, every plant has a known quality as they come from our regular cut flower stock plants. The plants are all healthy and vigorous and we feel certain you will be pleased and proud to own such plants.
